

## Outside Micrometers

### Series 103

See page B-15 of Catalog No. 302.

Among the many types listed in this catalog, the 103 Series is the workhorse of the micrometers. Up to 12" or 300mm, most of the 103 Series micrometers are automatically supplied with a standard bar. The standard is not supplied for the micrometers larger than 13". The 103 Series micrometer sets are available with .001" or .0001" graduation.

#### FEATURES:

- Carbide faces.
- Positive locking clamp.
- Ratchet stop or Friction Thimble for exact repetitive readings.
- Baked-enamel-finished frame.
- Clear graduations on satin-chrome finish.
- Complete with fitted carrying case.

#### SPECIFICATIONS:

Microsoft JScript runtime error '800a138f'
