- Fluke Part No.: 1547919
- UPC No.: 0 95969 08064 4

Fluke's new premium cases are as rugged as your Fluke meter. The family includes 3 premium leather cases, made from oiled, top grain cowhide. Heavy duty stitching and reinforced rivets provide the durability and ruggedness you've come to expect from Fluke. The C510 Meter Case is specifically designed for Flukes 70 and 20 Series meters but also accommodates most other Fluke meters, from the new top of the line 89-IV to the small, affordable 10 series, as well as a number of Fluke thermometers and process meters. The C520 Tester Case is designed specifically to hold either your Fluke T2 or T5 tester. Both the C510 and C520 have snap covers to secure your instrument and snap belt loops to fit any size tool belt you have. The C530 Accessory Case can carry all your meter accessories and even has enough room inside for a meter as well. The C530 comes with a heavy-duty top zipper. Each leather case is made in USA and is embossed with the Fluke logo.

The C550 Tool Bag is a large contractor's bag made from tough ballistic nylon and has a steel internal frame. The C550 is weather resistant and comes with handles, shoulder strap and heavy duty hardware. With over 20 inside and outside pockets, the C550 is large enough to conveniently carry several meters, accessories and even your hard tools, including hammers, saws and screw drivers. The C550 comes in the distinctive Fluke yellow and black color and proudly carries the Fluke logo.
